Web Developer/Frontend Developer/React Developer

Linkedin | Github | Portfolio

CAREER SUMMARY

Frontend Developer with **3+ years of professional experience** building responsive, scalable, and performance-focused web applications. Strong proficiency in **React.js, JavaScript (ES6+), HTML5, CSS3, REST APIs, and WordPress**, with hands-on experience developing reusable components, responsive interfaces, API-driven applications, and optimized websites. Experienced with **React Native and the MERN stack**, including Node.js, Express.js, and MongoDB. Strong understanding of frontend architecture, authentication, performance optimization, Core Web Vitals, SEO, and cross-browser development. Focused on writing clean, maintainable code and delivering high-quality user experiences across devices.

TECHNICAL SKILLS

Frontend Core	React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
React	React Hooks, Context API, Reusable Components, REST API Integration, JWT Authentication
Backend	Node.js, Express.js, MongoDB
CMS & Marketing	WordPress, Elementor, HubSpot CMS
DevOps & Tools	Git, GitHub, AWS, Vercel, Render, VS Code
Performance & SEO	Core Web Vitals, Lighthouse, Lazy Loading, Code Splitting

PROFESSIONAL EXPERIENCE

WEB DEVELOPER | Iinfotanks | Bangalore, India — May 2025 – Present

- Develop responsive web interfaces and reusable UI components using **React.js, JavaScript, HTML5, CSS3, and HubL** across WordPress, HubSpot CMS, and .NET-based projects.
- Build modular and reusable frontend components with a focus on maintainability, scalability, and cross-browser compatibility.
- Integrate **REST APIs** to build dynamic, data-driven web experiences.
- Convert UI/UX designs into responsive, pixel-accurate interfaces across desktop, tablet, and mobile devices.
- Improve website performance and **Core Web Vitals** through lazy loading, code splitting, asset optimization, and frontend performance techniques.
- Collaborate with designers, backend developers, and project managers in Agile teams to deliver production-ready features.

WORDPRESS DEVELOPER | Digital Flame Marketing Solution Pvt. Ltd | Pune — April 2024 – Jan 2025

- Developed responsive and SEO-friendly websites using **HTML5, CSS3, JavaScript, and WordPress/Elementor**.
- Built mobile-first interfaces with consistent cross-browser and cross-device compatibility.
- Customized WordPress themes, layouts, and plugins based on client requirements.
- Improved website performance and **Core Web Vitals** through image optimization, caching, script optimization, and deferred loading.
- Implemented Google Analytics and Google Tag Manager for website tracking and conversion measurement.
- Maintained and optimized multiple client websites while ensuring responsive design and accessibility best practices.

WORDPRESS DEVELOPER | Guest Blogging Pvt. Ltd | Indore, India — Jan 2023 – June 2023

- Developed responsive WordPress websites using **Elementor, HTML, CSS, and JavaScript** based on client requirements.
- Optimized website performance using caching, image optimization, and frontend performance techniques.
- Improved **Core Web Vitals and on-page SEO** through semantic HTML, responsive layouts, and performance optimization.
- Managed WordPress themes, plugins, updates, and ongoing website maintenance.

Naimo — Cross-Platform Delivery App *(Pre-Launch)*

Tech - React Native · Expo · Node.js · Express.js · MongoDB · Firebase · AWS

- Developed a cross-platform delivery application for **iOS and Android** using React Native and Expo.
- Implemented authentication and user workflows using Firebase OTP.
- Built and integrated REST APIs using Node.js and Express.js with MongoDB.
- Implemented application workflows for customers, vendors, delivery partners, and administrators.
- Deployed backend services using AWS infrastructure.

Nakama's Set sail – Web App

Tech - React.js · Node.js · Express.js · MongoDB · REST API · JWT Auth

- Built a full-stack MERN travel journal with JWT-based authentication, protected routes, and session management
- Implemented CRUD operations for trip entries, image upload functionality, and live weather API integration
- Designed clean, reusable component-based React architecture with responsive layout and smooth UI interactions

Anishop – E-commerce Website

Tech – HTML · JavaScript · CSS3

- Developed a fully responsive e-commerce frontend with product listings, cart management via Context API, and seamless routing
- Built with mobile-first design principles, reusable components, and clean UI for an enhanced shopping experience

Weatherly - Weather forecast App

Tech - React.js · REST API · JavaScript · CSS3

- Built a real-time weather app with dynamic location search, live temperature data, and responsive UI
- Integrated third-party weather REST API with clean error handling, loading states, and conditional rendering

EDUCATION

Bachelor of Technology (B.Tech) | CSE | RGPV Bhopal 2018 – 2022
